Willie & Bobbie Nelson are Featured Artists in the month of December on AirPlay Direct. *Farther Along* will make a perfect addition to any Country, Gospel or Americana playlists.

Pedernales Records enlists the services of AirPlay Direct to enable *Farther Along: The Gospel Collection* to be of benefit to community organizations.

Farther Along is compassionately distributed by Texamericana.Org, a non-profit internet record store, to benefit non-profit radio stations and community organizations across the USA. \$4.00 from each *Farther Along* CD will be designated as a donation to a non-profit radio station or a non-profit food service provider in the community of a commercial radio station of the Purchaser's choice.

Purchasers enter a station's call letters upon checkout to benefit a non-profit organization associated with their favorite Radio Station. Radio Stations are encouraged to register with Texamericana.Org and choose a non-profit organization (501(c)(3) tax exempt organization) to receive the designated donations derived from their listeners' purchases.

Currently, non-profit radio stations and non-profit community food service providers are eligible to receive donations from Texamericana.Org.

Some folks still believe in the power of music.
